

Influenza Immunisation Catch Up Clinics

Did your child miss their flu vaccine in primary school?

Due to school closures, we are now providing community clinics across North East Lincolnshire.

As immunisations are an important public health intervention please be aware that you can leave your home for this purpose.

Make an appointment using our online booking system:

[Immunisation Booking Form](#)

Alternatively, you can email schoolnursingadvice@nelincs.gov.uk. If you do not have access to the internet, call 01472 323660.

Please be reassured that the staff will always be wearing the appropriate personal protective equipment (face masks and shields).

The flu vaccine is given as a simple spray up the nose. It is painless and very quick, and side effects are uncommon. This vaccination programme is designed to protect your child against flu which can be an unpleasant illness and can sometimes cause serious complications.
